GAZETTE NOTICE NO. 16727

PRACTICE DIRECTIONS FOR THE INTERNATIONAL AND ORGANISED CRIMES DIVISION (IOCD) OF THE HIGH COURT

IN EXERCISE of the powers under section 5 of the Judicial Service Act, and section 16 of the High Court (Organization and Administration) Act, it is notified for the information of the general public that in the interest of the effective case management and expeditious disposal of cases in the International and Organised Crimes Division (IOCD) of the High Court, the Chief Justice makes the following practice directions:

Interpretation

In these Practice Directions, unless the context requires otherwise:

"Division" means the International and Organised Crimes Division of the High Court as established through a Gazette notice;

"Judge" means a Judge of the Division or any Judge designated by the Chief Justice;

Application

1. These Directions shall apply to the International and Organised Crimes Division (IOCD) of the High Court of Kenya.

2. All new cases relating to international and organized crimes (as delineated herein) be filed in the Principal Registry of the Division for hearing and determination.

The Overriding Objective of Proceedings in the International and Organised Crimes Division (IOCD) of the High Court

3. In the exercise of its authority and jurisdiction, the International and Organised Crimes Division (IOCD) of the High Court shall at all stages of any hearing be guided by Article 159 of the Constitution so as to facilitate the:

(a) Just;

(b) Expeditious;

(c) Proportionate; and

(d) Accessible adjudication of all disputes related to international and organized crimes

4. For the purpose of furthering the overriding objective, the court shall handle all matters presented before it to achieve the:

(a) Just determination of the proceedings;

(b) Efficient use of the available administrative resources;

(c) Timely disposal of proceedings;

(d) Use of appropriate technology;

(e) Safety of witnesses;

Scope of Mandate

5. The following matters shall be handled by the International and Organised Crimes Division (IOCD) of the High Court:

(a) Original jurisdiction over core international crimes as defined under the International Crimes Act, 2008;

(b) All criminal reviews, revisions, appeals and any other applications arising from decisions of trial Magistrates in terrorism, human trafficking and smuggling, kidnapping, arms trafficking, drug trafficking, piracy, wildlife and environmental crimes, and any other cases where the Chief Justice in consultation with the Principal Judge of the High Court allocates to the Division;

(c) Petitions and Judicial Review Applications on claims of infringement or the threatened infringement of constitutional rights relating to matters arising from adjudication of crimes within the Division's jurisdiction;

(d) The performance of the duties of a national Judge under the International Crimes Act including the taking of evidence and production of evidence under sections 78 and 79 and the International Crimes (Procedures for Obtaining Evidence) Rules, 2010;

(e) Any other matters relating to international and organized crimes under the following Acts:

(i) The International Crimes Act;

(ii) Extradition (Commonwealth Countries) Act, Cap. 77;

(iii) Extradition (Contigous and Foreign Countries) Act, Cap 76;

(iv) Prevention of Organised Crimes Act, Cap 59.

(v) Mutual Legal Assistance Act, Cap. 75A;

(vi) Regional and International Treaties and Conventions on international and organized crimes;

(vii) Any other enabling provisions of law.

6. All part-heard cases relating to international and organized crimes pending before other Stations or Divisions of the High Court at the date of publication of these Directions shall continue to be heard and determined by the aforementioned stations or divisions.

7. Subordinate Courts shall continue to hear and determine all cases relating to international and organized crimes in which they have the requisite jurisdiction.

8. Where a matter has been wrongly filed at the International and Organised Crimes Division Registry, it shall be transferred to the appropriate court. The Court on its own motion or upon application by either of the parties shall have the discretion to order for the transfer of such matters.

Rules of Procedure

9. The Division shall apply rules of procedure and evidence applicable to criminal trials in Kenya as well as the International Criminal Court Rules of Procedure and Evidence, where applicable.

10. Where no express provision is made under any written law, the Court shall adopt such other procedure as it considers appropriate in all the circumstances and having regard to the rights and views of the parties.

Case Management and Pre-Trial proceedings

11. All cases shall be filed electronically through the e-filing system.

12. Classified and confidential documents shall be filed through a secure portal established under the registry.

Conduct of Hearings

13. The exercise of the Court's original jurisdiction under the International Crimes Act shall be by a single Judge of the Division.

14. The trial court shall conduct a status conference within 14 days of the filing of a new case to set a timetable for the trial.

15. The trial court shall set rules for disclosure and issue any directions for protective safeguards for witnesses and evidence upon the conduct of the status conference.

16. The Court shall conduct other pre-trial conferences as necessary for the efficient management of the trial including directions on days for the trial, number of witnesses, registry updates on courtroom infrastructure required and other support measures, use of video-link testimonies from secure locations in case of protected witnesses and procedures for presentation of digital and electronic evidence.

Reviews, revision, appeals and other applications

17. Reviews, revisions and any petition or judicial review application shall be heard by a single judge of the Division;

18. An appeal from the subordinate court shall be heard by a single judge of the Division, except where in any particular case, the Presiding Judge of the Division directs that the appeal shall be heard by two judges of the Division.

Witness and Victim Protection

19. The Court shall order measures for the protection of witnesses and victims including in camera hearings, voice distortion, opaque screens and confidentiality of records as necessary.

20. The Court shall issue directions for victim participation including structured legal representation where necessary

Other Safety and Security Measures

21. The Court shall issue directions on the safety and security measures necessary in each case upon assessment of any security concerns that may be brought to its attention by the Deputy Registrar in coordination with the relevant members of the Court Users' Committee.

Court Users' Committee

22. The Division shall have a court users' committee (CUC) which shall include the Presiding Judge as the Chairperson, judges of the Division, heads of subordinate courts with jurisdiction to try offences within the jurisdiction of the Division and the Deputy Registrar of the Division who shall be the secretary. Other members of the CUC shall be appointed in accordance with the National Council on Administration of Justice CUC Guidelines.

23. The Committee may co-opt any person to be a member of the committee.

24. The Committee shall be an advisory body to the Division.

25. The committee shall meet at least once every quarter.

26. The committee shall regulate its own procedure.

Miscellaneous

These Directions shall come into force upon publication.

Dated the 19th October, 2026.

MARTHA K. KOOME,
Chief Justice and President of the Supreme Court of Kenya.

The Task Team's terms of reference shall be—

1. On the implementation, audit and root-cause investigation of the recurrent school unrest—

(a) Study the reports of all previous task forces, commissions, working parties and inquiries on school unrest with a view to determining their implementation status, identifying ambiguities and barriers to implementation, and recommending appropriate measures to bridge implementation and enforcement gaps;

(b) Investigate, assess and make recommendations regarding the immediate, underlying, and systemic causes of the 2026 school unrest, taking into account differences by region, school category, gender, age, disability, and boarding status; and

(c) Evaluate the relationship between school unrest and contemporary social and technological dynamics, including, but not limited to, social media, smartphones, and misinformation; examination-related stress; long academic terms; the quantity and quality of food; criminal gangs and religious extremism; alcohol, drug, and substance abuse; bullying; peer influence; gender-based violence; and copycat behaviour, and recommend appropriate responses.

2. On safety, security and disaster risk management—

(a) Study and review all existing school safety, security, and disaster risk management policies, plans, standards and related frameworks; assess their implementation status; and recommend appropriate measures to respond to emergencies and disasters in schools; and

(b) Audit the adequacy, currency, quality and enforcement of existing school safety, security, safeguarding, and emergency preparedness measures, with particular attention to boarding school systems and infrastructure, and recommend appropriate measures to streamline them, including measures to implement the disaster preparedness obligations imposed on schools by the National Disaster Risk Management Act, No. 16 of 2026, and other relevant legislation and frameworks.

3. On boarding schools, school uniforms, infrastructure and the cost of education—

(a) Undertake an evaluation of boarding school models in Kenya in light of the quest to achieve the national goals of education, on the one hand, and the concentration of unrest and fatalities in boarding institutions, on the other and advise on the appropriate policy direction, practices and governance system;

(b) Assess and recommend a policy framework for school uniforms, including their costs, affordability, and mechanisms for their acquisition;

(c) Investigate and make recommendations on the linkages among the condition of school infrastructure, the fees paid by households, the Government's capitation grants and the current cases of unrest; and

(d) Study and advise on the unit cost of education from pre-primary through to senior school, and recommend an operationalisation framework.

4. On school discipline and the wellness of all learners, including learners with special needs and disabilities—

(a) Review and make recommendations on the implementation of frameworks and procedures for enforcing and maintaining discipline among learners at the institutional level, including those governing transfers between institutions;

(b) Study, assess and make recommendations regarding the implementation of the current models for guidance and counselling, mental health and psychosocial support, chaplaincy and pastoral programmes, clubs and societies, career development, and referral services;

(c) Examine and make appropriate recommendations regarding the adequacy and quality of mechanisms that enable learners, parents, teachers, and stakeholders to raise concerns safely and to receive timely responses; and

(d) Investigate and make recommendations to promote learners' health, hygiene, motivation and overall wellness in learning institutions.

5. On governance, accountability and human resources—

(a) Assess the roles, responsibilities, and accountability of school leadership, Boards of Management, sponsors, parents, learners, education authorities, security agencies, and other relevant stakeholders in preventing and responding to unrest; and

(b) Assess the current terms and conditions of service and schemes of service for non-teaching staff in basic education institutions, and make appropriate recommendations.

6. On the implementation framework, legal reform and cross-cutting matters—

(a) Recommend a prioritised and costed framework for the implementation of the recommendations of the Task Team, including responsible institutions, indicative timelines, resource implications, and a mechanism for monitoring, evaluation, and public accountability; and

(b) Recommend legislative, regulatory, policy or administrative reforms to facilitate the implementation of the recommendations of the Task Team.

7. The Task Team shall have all powers necessary for, and may undertake any matter incidental or ancillary to, the proper discharge of its mandate.

8. The Task Team may co-opt such other persons who possess the appropriate competencies, as it may consider necessary or expedient for the proper performance of its functions.

9. The Task Team shall—

(a) subsist for a period of ninety (90) days from the date of publication of this notice;

(b) submit to the Cabinet Secretary monthly progress reports and a final report at the end of its term;

(c) invite and consider views from sector stakeholders and members of the public;

(d) hold such number of meetings, in such places and at such times, as it shall consider necessary for the proper discharge of its functions; and

(e) regulate its own procedure.

10. The Secretariat of the Task Team shall be provided by the Ministry of Education and shall be responsible to the Task Team for—

(a) providing appropriate background briefing;

(b) preparing the reports of the Task Team and disseminating any information deemed relevant to the Task Team; and

(c) undertaking research and liaising with the relevant Government departments and any other institution or stakeholder in the education sector in order to gather the information necessary to inform the work of the Task Team.

11. The costs incurred by the Task Team shall be defrayed from the voted funds of the Ministry of Education or from such grants or donations as may be secured from development partners with the approval of the Cabinet Secretary for the National Treasury in accordance with section 47 of the Public Finance Management Act (Cap. 412A).

Dated the 23rd October, 2026.

NATIONAL ENVIRONMENT MANAGEMENT AUTHORITY

ENVIRONMENTAL AND SOCIAL IMPACT ASSESSMENT (ESIA) STUDY REPORT FOR THE PROPOSED ENGINEERING AND SCIENCE COMPLEX OF THE UNIVERSITY OF NAIROBI ON PLOT L.R. NO. 209/346/40/R AND L.R. NO. 209/346/40/51, CHIROMO CAMPUS, NAIROBI CITY COUNTY

INVITATION TO PUBLIC COMMENTS

PURSUANT to section 59 of the Environmental Management and Co-ordination Act, the National Environment Management Authority (NEMA) has received an Environmental Impact Assessment Study Report for the above proposed project.

The proponent, University of Nairobi, proposes to construct a state of the art Engineering and Science complex comprising teaching and laboratory infrastructure, research facilities, 8No. Centres of Excellence, 1No. Sub-Centre of Excellence, other associated amenities and facilities on plot L.R. No. 209/346/R and L.R. No. 209/346/40/51, Chiromo Campus, Nairobi City County.

The following are the anticipated impacts and proposed mitigation measures:

Impact	*Proposed Mitigation Measures*
Poor siting or non-adherence to design/setbacks (incl. riparian)	• Validate layouts with statutory agencies (NEMA, Nairobi City County, WRA). • Respect 30 m riparian reserve; fix red-line and fence off buffers before handover. • Obtain all approvals (EIA license, planning, NCA, DOSHS workplace registration). • Embed ESHS clauses in bidding docs; ESMP obligations in contracts. • Design review/verification by Project Management Team (PMT) incl. Environmental and Social Expert.
Stakeholder risks from inadequate engagement	• Implement SEP. • early notices, accessible information, targeted sessions for PWDs/women/youth, functioning Grievance Redress Mechanisms (GRM). • document commitments.
Vegetation clearing, soil erosion and sedimentation	• Minimize clearing. • phase earthworks. • silt fences/traps. • contour-aligned drains. • Replant natives. • control invasives; reinstate disturbed areas promptly. • Keep cement/concrete work in contained zones away from drains.
Air quality	• Perimeter dust nets. • wet suppression. • cover stockpiles/loads. • speed limits/no idling. • Maintain equipment. • provide masks for workers. • schedule dusty works in calm periods.
Noise and vibration	• Daytime working. • low-noise plant and maintenance. • acoustic enclosures where feasible. • PPE (hearing protection). • monitor at boundary. • notify neighbors of peak activities.
Water pollution	• Bunded refueling on impervious pads with oil traps. • spill kits and trained crews. • Concrete/paint wash-water to lined bays or conservancy tanks - no discharge. • Portable sanitation serviced by licensed handlers. • effluent hauled to approved facilities.
Solid and hazardous waste	• Site-level waste plan. • source segregation. • licensed handlers. • track manifests. • Maximize reuse/recycling. • minimize packaging. • safe storage of oils/chemicals.
Biodiversity disturbance	• No permanent works in riparian. • retain mature indigenous trees. • protect roots. • Targeted removal of high-risk invasives. • compensate with native planting.
Traffic congestion and safety	• Contractor Traffic Management Plan. • delivery windows. • marshals and signage. • Designate contractor gate/lay-bys. • incident/violation log. • driver induction.
OHS risks (falls/struck-by, fire)	• DOSHS registration. • H&S committee. • method statements and JSA. • toolbox talks. • Full PPE. • cordon off hazards. • emergency response plan. • incident reporting.
Visual intrusion and nuisance	• Screen hoarding. • good housekeeping. • progressive clearance and landscaping.
Resource demand (water and energy)	• Fit low-flow fixtures. • leak checks. • efficient plant/lighting. • meter temporary supplies.
Sanitary wastewater	• Robust, accessible sewer design (rodding eyes, vents). • housekeeping and disinfection. • preventive maintenance with NCWSC.
Increased water demand	• Dual-flush/sensor taps. • rainwater harvesting and storage. • leak detection/AMR metering. • drought-tolerant landscaping.
Increased energy demand	• High-efficiency HVAC/LED. • BMS optimization. • PV/heat pumps where feasible. • occupant energy awareness.
Laboratory/process effluents	• Separate lab drains. • pre-treatment (neutralization, grease traps, interceptors), sampling manholes. • SOPs and training. • consent compliance.

Impact	*Proposed Mitigation Measures*
Surface drainage and flooding	• Sized self-cleansing drains. • Gratings. • SuDS (permeable paving, detention). • capture/reuse roof runoff.
Solid waste	• Source separation; labelled bins; licensed collection; recycling/composting; user education.
Community health and safety around campus edges	• Maintain lighting, CCTV where applicable; safe pedestrian routes; continuous GRM and notices for any intrusive maintenance.
Loss of livelihoods	• Advance notice. • fair separation benefits per law. • link workers to retraining/placement programmes.
Noise, dust and vibration from demolition	• Daytime works. • equipment maintenance. • watering and dust screens. • anti-idling; respiratory PPE.
Demolition waste volumes	• Selective dismantling. • salvage and recycling. • licensed transporters/sites. • NEMA-approved decommissioning plan.
Water/soil contamination (oils, wash-down)	• Bunded plant. • spill prevention/response. • contain/haul wash-water. • prohibit discharge to drains/river.
Traffic and road safety	• Approved haul routes. • peed control. • repair any damage. • incident logs.
Soil erosion on cleared areas	• Stage works. • gentle compaction. • rapid re-vegetation with natives. • stabilise exposed soils.
OHS and public safety	• Demarcation/hoarding. • safe access routes. • PPE; emergency plans. • induction and supervision.

NATIONAL ENVIRONMENT MANAGEMENT AUTHORITY

ENVIRONMENTAL AND SOCIAL IMPACT ASSESSMENT (ESIA) STUDY REPORT FOR THE PROPOSED KIBRA LOT 5 CONSTRUCTION OF SOCIAL AND AFFORDABLE HOUSING AND ASSOCIATED INFRASTRUCTURE IN SOUTHLANDS, LANGATA CONSTITUENCY, NAIROBI CITY COUNTY.

INVITATION OF PUBLIC COMMENTS

PURSUANT to section 59 of the Environmental Management and Co-ordination Act, the National Environment Management Authority (NEMA) has received an Environmental Impact Assessment Study Report for the above proposed project.

The proponent, State Department For Housing and Urban Development, proposes to construct fourteen (14) multi storey residential blocks comprising of ground plus 8 No. upper floors with a total of 1386 affordable and social housing units (one-roomed, two-roomed, three-roomed social housing units and studio, two-bedroom, three-bedroom affordable housing units) including internal access roads, water supply and storage systems, shopping stalls, outdoor children play areas, parking spaces and other associated amenities and facilities in Mugumo-ini ward, Langata Constituency, Nairobi City County.

The following are the anticipated impacts and proposed mitigation measures:

Impact	*Mitigation Measures*
Noise and disturbance to neighbouring residents	• Use low-noise equipment fitted with mufflers/silencers and maintain machinery regularly. • Restrict high-noise activities such as piling, excavation, demolition and concrete pouring to daytime hours. • Install temporary acoustic barriers/sound screens, particularly along the eastern residential boundary. • Schedule deliveries during off-peak hours (09:00–15:00) where practicable; ensure vehicles have functional mufflers and minimize idling and unnecessary horn use. • Provide neighboring receptors with at least 48 hours' advance notice of major/high-noise activities and avoid high-noise works on Sundays and public holidays unless exceptionally approved.
Dust and deterioration of air quality	• Water exposed surfaces, access roads and stockpiles at least three times daily, with increased frequency during dry or windy conditions. • Cover stockpiles with tarpaulins when not in use and install dust screens/netting along sensitive boundaries. • Enforce a 20 km/h speed limit on unpaved internal roads. • Provide appropriate dust masks to workers. • Use well-maintained equipment and vehicles, limit engine idling to a maximum of 5 minutes, and service plant regularly.
Vibration and potential damage to neighbouring structures	• Carry out a pre-construction structural condition survey of nearby buildings, especially immediately neighboring apartments. • Use low-vibration construction methods where feasible, such as bored piles/hydraulic hammers instead of driven piles.

Impact	*Mitigation Measures*
	• Monitor vibration during critical/high-risk activities and stop works immediately if safe thresholds are exceeded.
	• Notify neighbors at least 14 days in advance of significant vibration-generating works.
Vegetation loss and disturbance to biodiversity	• Limit vegetation clearance strictly to the approved project footprint.
	• Identify and mark mature trees for possible retention or transplanting and transplant viable trees where feasible.
	• Implement post-construction landscaping/replanting using indigenous or suitable native species, with a minimum 1:3 compensatory planting ratio.
	• minimize night-time works and maintain temporary buffer zones around remaining vegetation until clearance is complete.
Construction and hazardous waste	• Implement a site-specific Waste Management Plan and segregate waste at source into recyclable, reusable and residual waste.
	• Store waste in designated, labelled areas and maintain good daily site housekeeping.
	• Maximize recycling/reuse where feasible and dispose of residual waste only through NEMA-licensed waste handlers.
	• Store hazardous waste such as used oil, solvents, batteries and chemical containers in secure, bunded and labelled areas with impermeable floors, and use licensed hazardous-waste contractors.
Stormwater runoff, erosion, sedimentation and water pollution	• Install silt fences, sediment traps and temporary drainage channels before major earthworks.
	• Protect stockpiles from rainfall, direct clean runoff away from neighboring properties and drainage corridors, and progressively re-vegetate disturbed areas.
	• Store fuels and oils in bunded areas with 110% containment capacity and provide spill kits at strategic locations.
	• Train workers in spill response and immediately clean-up/report spills.
	• Route wastewater from washing and curing through settlement tanks before disposal and prohibit discharge of untreated wastewater into the environment.
Construction traffic, congestion and road safety	• Prepare and implement a Construction Traffic Management Plan.
	• Schedule heavy deliveries during off-peak hours where practicable and provide adequate on-site holding areas to prevent queuing on public/local roads.
	• Deploy trained traffic marshals at access points.
	• Install clear warning and 20 km/h speed-limit signage and provide temporary pedestrian walkways where required.
	• Maintain clear separation between pedestrian and vehicle movements at site gates and conduct road-safety toolbox talks.
Community health, safety and security	• Maintain secure fencing/hoarding and controlled access to the construction site.
	• Implement the specified dust and noise controls and provide clear community grievance and emergency-contact channels.
	• Conduct community awareness on construction-site safety and emergency procedures.
	• Register and identify all workers, enforce a Worker Code of Conduct, and collaborate with local administration and police to manage worker-related security and social risks.
	• Provide adequate worker toilets and washing facilities and conduct awareness on HIV/AIDS and other communicable diseases.
Occupational health and safety (workers)	• Construction workers may face risks from falls, falling objects, machinery, demolition activities, working at height and electrical works.
	• Comply with OSHA 2007 requirements and provide/enforce appropriate PPE, including helmets, safety boots, high-visibility vests, gloves, harnesses and respiratory protection where required.
	• Provide guardrails, safety nets, proper scaffolding, certified work-at-height equipment and safety harnesses above 2 metres.
	• Conduct daily toolbox talks, regular safety training, site safety inspections and maintain an on-site first-aid station and emergency response procedures.
	• Co-ordinate electricity-line relocation with KPLC, maintain electrical exclusion zones and use only competent personnel for electrical works.
Employment, gender inclusion and impacts on project-affected persons (PAPs)	• Prioritize local labor, with a target of 70–90% local unskilled and semi-skilled workers where applicable.
	• Target at least 30% women in unskilled/semi-skilled roles and actively recruit local youth and persons with disabilities.
	• Enforce zero tolerance for gender-based violence and sexual harassment, provide mandatory Worker Code of Conduct induction and confidential reporting channels.
	• Complete and verify the PAP register before displacement and provide agreed facilitation/support before clearance.
	• Co-ordinate physical clearance with facilitation and livelihood-restoration measures, maintain PAP engagement and grievance access, and give priority attention to vulnerable PAPs including persons with disabilities, women-headed households, elderly persons and children.

INVITATION OF PUBLIC COMMENTS

PURSUANT to section 59 of the Environmental Management and Co-ordination Act, the National Environment Management Authority (NEMA) has received an Environmental Impact Assessment Study Report for the above proposed project.

The proponent, State Department For Housing And Urban Development, proposes to construct sixteen (16) multi- storey residential blocks comprising of ground plus 8No. upper floors with a total of 1584 housing units (one-roomed, two-roomed, three-roomed social housing units and studio, two-bedroom, three-bedroom affordable housing units) including internal access roads, water supply and storage systems, shopping stalls, outdoor children play areas, parking spaces and other associated amenities and facilities in Mugumo-ini ward, Langata Constituency, Nairobi City County.

The following are the anticipated impacts and proposed mitigation measures:

Impact	*Mitigation Measures*
Noise and disturbance to neighbouring residents	• Use low-noise equipment fitted with mufflers/silencers and maintain machinery regularly. • Restrict high-noise activities such as piling, excavation, demolition and concrete pouring to daytime hours. • Install temporary acoustic barriers/sound screens, particularly along the eastern residential boundary. • Schedule deliveries during off-peak hours (09:00–15:00) where practicable; ensure vehicles have functional mufflers and minimize idling and unnecessary horn use. • Provide neighboring receptors with at least 48 hours' advance notice of major/high-noise activities and avoid high-noise works on Sundays and public holidays unless exceptionally approved.

NATIONAL ENVIRONMENT MANAGEMENT AUTHORITY

ENVIRONMENTAL AND SOCIAL IMPACT ASSESSMENT (ESIA) STUDY REPORT FOR THE PROPOSED KIBRA LOT I CONSTRUCTION OF SOCIAL AND AFFORDABLE HOUSING AND ASSOCIATED INFRASTRUCTURE IN SOUTHLANDS, LANGATA CONSTITUENCY, NAIROBI CITY COUNTY

INVITATION OF PUBLIC COMMENTS

PURSUANT to section 59 of the Environmental Management and Co-ordination Act, the National Environment Management Authority (NEMA) has received an Environmental Impact Assessment Study Report for the above proposed project.

The proponent, State Department For Housing And Urban Development, proposes to construct fourteen (14) multi-storey residential blocks comprising of ground plus 8No. upper floors with a total of 1386 housing units (one-roomed, two-roomed, three-roomed social housing units and studio, two-bedroom, three-bedroom affordable housing units) including internal access roads, water supply and storage systems, shopping stalls, outdoor children play areas, parking spaces and other associated amenities and facilities in Mugumo-ini ward, Langata Constituency, Nairobi City County.

The following are the anticipated impacts and proposed mitigation measures:

Impact	*Mitigation Measures*
Noise and disturbance to neighbouring residents	• Use low-noise equipment fitted with mufflers/silencers and maintain machinery regularly. • Restrict high-noise activities such as piling, excavation, demolition and concrete pouring to daytime hours. • Install temporary acoustic barriers/sound screens, particularly along the eastern residential boundary. • Schedule deliveries during off-peak hours (09:00–15:00) where practicable; ensure vehicles have functional mufflers and minimize idling and unnecessary horn use. • Provide neighboring receptors with at least 48 hours' advance notice of major/high-noise activities and avoid high-noise works on Sundays and public holidays unless exceptionally approved.
Dust and deterioration of air quality	• Water exposed surfaces, access roads and stockpiles at least three times daily, with increased frequency during dry or windy conditions. • Cover stockpiles with tarpaulins when not in use and install dust screens/netting along sensitive boundaries. • Enforce a 20 km/h speed limit on unpaved internal roads. • Provide appropriate dust masks to workers. • Use well-maintained equipment and vehicles, limit engine idling to a maximum of 5 minutes, and service plant regularly.
Vibration and potential damage to neighbouring structures	• Carry out a pre-construction structural condition survey of nearby buildings, especially immediately neighboring apartments. • Use low-vibration construction methods where feasible, such as bored piles/hydraulic hammers instead of driven piles. • Monitor vibration during critical/high-risk activities and stop works immediately if safe thresholds are exceeded. • Notify neighbors at least 14 days in advance of significant vibration-generating works.
Vegetation loss and disturbance to biodiversity	• Limit vegetation clearance strictly to the approved project footprint • Identify and mark mature trees for possible retention or transplanting and transplant viable trees where feasible. • Implement post-construction andscaping/replanting using indigenous or suitable native species, with a minimum 1:3 compensatory planting ratio. • Minimize night-time works and maintain temporary buffer zones around remaining vegetation until clearance is complete.
Construction and hazardous waste	• Implement a site-specific Waste Management Plan and segregate waste at source into recyclable, reusable and residual waste. • Store waste in designated, labelled areas and maintain good daily site housekeeping. • Maximize recycling/reuse where feasible and dispose of residual waste only through NEMA-licensed waste handlers. • Store hazardous waste such as used oil, solvents, batteries and chemical containers in secure, bunded and labelled areas with impermeable floors, and use licensed hazardous-waste contractors.
Stormwater runoff, erosion, sedimentation and water pollution	• Install silt fences, sediment traps and temporary drainage channels before major earthworks. • Protect stockpiles from rainfall, direct clean runoff away from neighboring properties and drainage corridors,and progressively re-vegetate disturbed areas. • Store fuels and oils in bunded areas with 110% containment capacity and provide spill kits at strategic locations. • Train workers in spill response and immediately clean-up/report spills. • Route wastewater from washing and curing through settlement tanks before disposal and prohibit discharge of untreated wastewater into the environment.
Construction traffic, congestion and road safety	• Prepare and implement a Construction Traffic Management Plan. • Schedule heavy deliveries during off-peak hours where practicable and provide adequate on-site holding areas to prevent queuing on public/local roads. • Deploy trained traffic marshals at access points. • Install clear warning and 20 km/h speed-limit signage and provide temporary pedestrian walkways where required. • Maintain clear separation between pedestrian and vehicle movements at site gates and conduct road-safety toolbox talks.
Community health, safety and security	• Maintain secure fencing/hoarding and controlled access to the construction site. • Implement the specified dust and noise controls and provide clear community grievance and emergency-contact channels • Conduct community awareness on construction-site safety and emergency procedures. • Register and identify all workers, enforce a Worker Code of Conduct, and collaborate with local administration and police to manage worker-related security and social risks. • Provide adequate worker toilets and washing facilities and conduct awareness on HIV/AIDS and other communicable diseases.

Impact	*Mitigation Measures*
Occupational health and safety (workers)	• Construction workers may face risks from falls, falling objects, machinery, demolition activities, working at height and electrical works. • Comply with OSHA 2007 requirements and provide/enforce appropriate PPE, including helmets, safety boots, high-visibility vests, gloves, harnesses and respiratory protection where required • Provide guardrails, safety nets, proper scaffolding, certified work-at-height equipment and safety harnesses above 2 metres. • Conduct daily toolbox talks, regular safety training, site safety inspections and maintain an on-site first-aid station and emergency response procedures. • Coordinate electricity-line relocation with KPLC, maintain electrical exclusion zones and use only competent personnel for electrical works.
Employment, gender inclusion and impacts on project-affected persons (PAPs)	• Prioritize local labor, with a target of 70–90% local unskilled and semi-skilled workers where applicable. • Target at least 30% women in unskilled/semi-skilled roles and actively recruit local youth and persons with disabilities. • Enforce zero tolerance for gender-based violence and sexual harassment, provide mandatory Worker Code of Conduct induction and confidential reporting channels. • Complete and verify the PAP register before displacement and provide agreed facilitation/support before clearance. • Co-ordinate physical clearance with facilitation and livelihood-restoration measures, maintain PAP engagement and grievance access, and give priority attention to vulnerable PAPs including persons with disabilities, women-headed households, elderly persons and children.

The full report of the proposed project is available for inspection during working hours at:

IMPORTANT NOTICE TO SUBSCRIBERS TO THE KENYA GAZETTE

THE following notes are for the guidance of persons submitting "copy" for inclusion in the *Kenya Gazette, Supplement*, etc.:

(1) *The Kenya Gazette* contains Notices of a general nature which do not affect legislation. They are, therefore, submitted to the Government Printer directly.

(2) *Legislative Supplement* contains Rules and Regulations which are issued by the National or County Governments. Because of this, they must be submitted to the Government Printer through the office of the Attorney–General.

(3) *Bill Supplement* contains Bills which are for introduction in the National Assembly, Senate or County Assemblies.

(4) *Act Supplement* contains Acts passed by the National Assembly, Senate or County Assemblies.

All "copy" submitted for publication should be prepared on one side of an A4 sheet no matter how small the Notice is, each page being numbered and should be typed with double spacing. Copy should be Clear, legible and contain no alterations.

Particular attention should be paid to the following points:

(i) Signature must be supported by rubber–stamping or typing the name of the signatory in capital letters.

(ii) Must be correct and filled in where necessary.

(iii) Care should be taken to ensure that all headings to Notices and references to legislation are up to date and conform with the Revised Edition of the Laws of Kenya.

EXTRACT FROM THE HUMAN RESOURCE POLICIES AND PROCEDURES MANUAL FOR THE PUBLIC SERVICE —

Kenya Gazette

A.30 (1) All communication for publication in the *Kenya Gazette* should reach the Government Printer not later than Friday of the week before publication is desired.

(2) A State Department will be required to meet the cost of advertising in the *Kenya Gazette*.

It is emphasized that these notes are for guidance only, but it is requested that persons submitting copy for publication first satisfy themselves that such copy is complete in every respect.
